

Alicia Pons

Robert Hawk returns with Alicia!

For the first time, Cincinnati welcomes *Alicia Pons* for a weekend of great Tango instruction and inspiration. Alicia is noted for the foot play and the sensual seduction of her dance, which is performed with humor and decorum. PRESENCE is her signature in tango, and is the focus of her teaching for both men and women. If you have had the opportunity to dance with her, you understand why she is one of the most sought after partners in Buenos Aires milongas!

Alicia was trained in classical dance from an early age, and one of her first tango teachers were Graciela Gonzalez, whose women's technique has shaped her precise footwork, and Tete Rusconi, one of the most renowned milongueros of his generation. She has partnered and taught with Robert Hawk and Cacho Dante.

Alicia's methodology is grounded in academic training: she holds a degree in Educational Science and Psychology, and approaches tango teaching thus informed. She is insightful and creative in her methods.

Robert Hawk is one of Cincinnati's favorite teachers and he is probably the most accomplished American dancer and teacher of apilado style tango in the US. His playful teaching style is augmented greatly by Alicia's humorous banter. Together, they are a treat **NOT** to be missed!
